U-Boat Utility Cart

The U-Boat Utility Cart is a narrow, single platform cart designed for material handling in retail, warehouse, and back of house applications. Its compact width supports movement through tight aisles while accommodating heavy loads.

Features:

- Single platform design.
- All welded steel frame construction.
- Anti-skid diamond plate steel deck surface.
- (2) Removable steel handles.
- (2) 8" x 2" polyurethane center wheels and (4) 4" x 1½" end wheels.
- 2000 lb load capacity.

Options:

- Garment Bar
- Removable Shelf
- Bumpers

Benefits:

- Narrow deck width allows the cart to move through confined spaces and standard aisles.
- Welded steel frame supports repeated daily use in demanding environments.
- Diamond plate deck surface helps reduce load shifting during transport.
- Removable handles support easier loading, unloading, and compact storage.
- Wheel configuration provides stable movement and controlled maneuvering under load.
- High load capacity supports transport of heavy merchandise or bulk materials on a single cart.
- Option for protective bumpers helps reduce facility damage and ongoing maintenance concerns.
